Part Two. In this part of the speaking exam you will be asked to describe a picture. Then you will be asked two questions about it. You will have 45 seconds to respond to each question.

Q1) Please describe this picture.

Well...this picture shows a group of people doing sports on the beach. While some of them are doing water sports such as swimming or surfing, there are others on the shore who seem to be playing volleyball. I guess it must be early morning or late in the afternoon, as I can see the sun near the horizon. I'd say they must be enjoying themselves, I suppose they are on holidays and trying to have a good time.

Q2) Tell me about the last time you did some sports.

To be honest, I am not really fond of sports; I am keen on other hobbies such as reading or painting. I guess the last time I did sports was last month when I went hiking with my family. It was a cool morning, and we decided to spend the day outdoors near some hills. We organised a barbecue and after having lunch we put on our hiking boots and walked along a rural path for some hours. I guess this was the last time I did some physical activity.
